## ABOUT THE INVESTMENT ADVISOR

The Fund is managed by Forester Capital Management, Ltd., which selects the Fund's investments and handles its business affairs under the direction of the Fund's board of directors. Forester Capital was incorporated in 1999 and its address is: 100 Field Drive, Lake Forest, IL 60045.

## ABOUT OUR STRATEGY

Our decisions are grounded in a fundamental belief that Low P/E stocks outperform over the long-term. The fund generally invests at least 65% of its net assets in the common stocks of non-U.S. companies that it believes are undervalued and have great appreciation potential. These companies may operate in both developed countries and emerging markets. At times, the fund is positioned defensively when the manager believes that the overall stock market is highly valued or that market conditions warrant it.

The Fund generally purchases a stock only at a price deemed significantly below the intrinsic value of the company—Forester Capital's estimate of the amount a buyer would pay to own the entire company—after performing its own fundamental analysis of the company.
